The Columbia Herald and Mail has the following stale article, doubtless intended as a good joke upon the reliable cows of Maury county: "We learn that a certain lady of our acquaintance living at Memphis sent rich, good milk to the city, such as she was in the inbit of having in Maury county. Her market-man, a colored man, seported that he could only get forty cents a gallon. She said to him: 'Why did you not tell them it was pure milk, with no water or chalk?' The next day he returned without making any sale of his milk, and she asked him why this was so, to said: 'Miss — 1 told them, as you directed me to say, that it was pure milk. 'What!' said they: "pure milk—are you certain of that?" "Yes, sir, I am." "Then drive oc; we don't want any of that kind; we have not had any such in many years, and we are afraid it will kill us to drink such milk as that—without either water or chalk?" -The Columbia Herald and Mail has

The Memphis school-board met at eight o'clock last night, Chairman Kortrecht presiding, and Messrs. Duffy, Randle, Cook, Smith, Andrews, Trezeyant, Farris, Irwin, Clark, Pierce and Vernon, answering to their Clark, Pierce and vernon, and the fifth names.

W. J. Smith, member elect from the fifth ward, took the oath of office as administered by the chairman, and was then declared duly qualified to enter upon the duties of his office.

The secretary read the minutes of the previous meeting, and by the time they had been finished, several additional members put in their appearance. SUPERINTENDENT'S REPORT.

MEMPHIS, February 9, 1874.

To the Honorable Board of Education:

The whole number of pupils attending the white schools at the close of January was 2573; colored, 707; total, 2080. Total in 1852, 2359; in 1872, 2537; in 1871, 2544. We have found it necessary to refuse tickets for the lower grades until the opening term, when we shall need to open two more schools, one at Market and one at Linden. After having consulted all the principals of our schools, i find that they unanimously request, with me, a change in article 70, so that in the semi-annual examination each room shall be left in charge of its own teacher. It is further desired that the teacher in charge examine the papers, in connection with one appointed by the principal. There seems to be an honest difference of opinion, and a variety of practices among principals and teachers in reference to dismissing pupils before the regular hour when requested by parents and guardians, as the regular dismissal of papils before the usual hour greatly detracts from the success of the whole school, and almost insures a fallure on the part of those dismissed. We desire instructions from the board. The subject is referred to in sections eighteen, twenty-two, and twenty-dye of the "Rules and Begulations". To the Honorable Board of Education: the part of those dismissed. We desire irstructions from the board. The subject is referred to in sections eighteen, twenty-two, and twenty-five of the "Rules and Regulations," The colored schools at South and Washington streets became so full that your committee found it necessary to employ another teacher at each building. Miss O. A. Davidson at South street, and Mr. C. M. Woods at Washington street, We desire the election of these persons to fill their present positions. I take great pleasure in speaking of the universal energy and success of the teachers at present employed. The Peakody, Linden, Alabama and Market streets schools are going forward almost without impediment, Court and Chelsea are successful in spite of poor buildings, although at Adams street the teachers are using almost superhuman efforts, it will be impossible to elevate properly those schools with their present surroundings. We have the promise of Clay street building for the opening of the next term, where we can accommodate ever four hundred pupils. I desire the board to consider the importance of better seating at Washington street for the remainder of the colored pupils, and especially the necessity of better black-boards for Chelsea colored schools.

APICKETT, Superintendent.

sea colored schools.

A. PICKET I, Superintendent. A. PICKETF, Superintendent.

The report was adopted.
Dr. Mitchell moved a suspension of the rules in order to take action on the proposed change of section 70, as recommended by the superintendent's report. The motion was adopted.
Mr. Anderson moved that the superintendent's suggestion be carried out.
Mr.Andrews then drafted his resolution that the teachers, assisted by one other, have charge of their classes during the examination.

ELECTION OF TEACHEUS.

That part of the report referring to the better seating of pupils at Washington street colored school was referred to the committee on schools and school-buildings. This committee reported purchases to the amount of one hundred and forty-two dollars and twenty-two cents for the month of January. Mr. Gavin, chairman, said the committee had purchased a safe to be delivered here for three hundred dollars. The committee had exceeded the amount allowed it by fifty On motion the action of the purchasing committee in regard to the purchase of the safe was approved, and the bills, as reported, were referred to the auditing committee.

Mr. A. E. Frankland, re-elected from the

eighth ward, was sworn in as a member of the REPORT OF SCHOOLHOUSE COMMITTEE. The committee on school-buildings and grounds reported that the new Clay street building was fast approaching completion, and will be ready by the next term, the furniture being ordered. The lot had to be graded. Repairs had been made on the Market street school-building. The Court street school-building. The committee on the examination of teac The committee on the examination of teachers reported the following as the result of the examination held Saturday, January 31, 1873: Nos. 490 and 494 falled to complete the examination; No. 492 averaged 67%; No. 493, 42: 496, 415; 494, 87; 495, 81; 497, 91; 488, 83%; To those holding Nos. 494, 486, 497 and 488 it is recommended that certificates of qualification be granted to those numbers. Adopted. TEXT-BOOKS AND CURRICULUM.

The committee on text-books and course of The committee on text-books and course of study recommended, first, that the numbering of the grades in the primary and grammar departments be changed so that the lower grade shall be numbered the first grade, and the next higher the second, and thus up to the highest, which shall be numbered the seventh; and that section one of the rules and regulations of the schools be so amended that the primary department shall include the first, second, third and fifth grades, and the grammar department shall include the sixth and seventh grades, this rule to take effect at the close of the present scholastic year. Second, that the board esscholastic year. Second, that the board es-tablish a library for the use of the teachers, unless a new rule to be substantially as fol-

AUDITING COMMITTEE. This committee reported audited bills and accounts to the amount of \$258.77, and a pay roll amounting to \$5,598 is. The report was received, and the above amounts ordered NINTH WARD SCHOOLS.

The ninth ward school-visitor reported the schools to be in good condition and prospering, making steady and rapid advancement. The pupils were orderly and well behaved. The average attendance of white pupils was two hundred and five. Ventilation was needed in some of the rooms, Adonted.

MARKET STREET SCHOOL James O. Price, visitor to this school, found ools in session, and all well filled In view of the serious effect caused by the late epidemic the present success and progress of the schools, he thought, remarkable. TENTH WARD SCHOOLS. These schools were reported to be in a flourishing condition and the teachers earnest in the cause of education.

CALHOUN STREET COLORED SCHOOL. CALHOUN STREET COLORED SCRIOOL.

On my visit to the colored school, Cathoun street, I found it well conducted under the able and efficient teacher, Mrs. Thompson, and her three assistants, Miss Ewen, Miss Clouston and Miss Davidson. The number of pupils in the buildings average two hundred and fifty, and their examination during the present month will, I feel assured, compare favorably with any of our other city schools. But the building is altogether ill adapted for a school, and consequently the teachers labor under many disadvantages. It is, therefore, more commendable on their part, for the satisfactory manner in which the pupils acquitted themselves in spelling, reading and aritimetic; also, as to their order and good behavior.

G. W. F. COOK, School Visitor.

FINANCE COMMITTEE. The finance committee reported for the month just ended, an expenditure of seven housand four hundred and eighty-five dolars and ninety-three cents, and the renira. tion of forty-eight hundred and fifty dollars from bonds. RESOLUTIONS.

By Mr. Vernon—To erect a hat-rack in the Peabody school-building. Adopted. By Mr. Pierce—Authorizing the committee to secretain an eligible site for a high school, By Mr. Price-To amend section thirty-four of the rules.

By Mr.Farris—Requesting the committee on school-grounds and school-building; to select a lot, and procure plans for a grammar-school in the ninth ward at as early a day as possible,
By Mr. Smith—To repair the burners so as
to have better gas. Adopted,
SCHOOLS TO CLOSE MARDI GRAS. Mr. Andrews offered a resolution that all of the public schools be closed on Mardi Gras day. The resolution was unanimously

A LAWYER WANTED. Mr. Wiggin stated that it was necessary to have a lawyer to attend to the title of a lot or Adams street. A resolution, authorizing the employment of a lawyer, was passed by the board last year. Parties had invaded the lot by running a line thirteen feet on to it. The board could only secure a title to the disputed part by a lawsuit. A CLOUDED TITLE.

it became the property of the school-board. It would be well to investigate it.

On motion, the committee on school-houses and school-grounds was authorized to employ a lawyer to attend to any matters in which the board was interested.

PETITIONS. From Miss Grace Lewellen, asking a just regulation of salary in cases where a teacher is employed as a substitute in a graded school. Referred.

Mr. Clark presented the following petition, which, he said, had been given to him by Rev. Watch, he said, had been given to him by Kev. Father Quinn:

Gentlemen—Whereas, there has been for some time a free school attached to St. Bridget's church, and whereas, in said school there are three secular teachers, one male and the others female; now, the salaries of said teachers have hitherto come from the private disbursement of the pastor of said church. In consideration whereof we now present the following petition: First, that the free school attached to St. Bridget's church receive the same patronage as the other free schools of Memphis. Second, that the three aforesaid teachers employed in said school receive a salary commensurate with that of each male or female teacher in said city free schools. We ask only what is just and reasonable. Now, said petition, we make bold to say, is just and reasonable from the fact that at said school numbered (before the October epidemic) three hundred and ten pupils. At present there is an average attendance of one hundred and eighty pupils, taught by said teachers, all of whom pay taxes in support of the other free schools of Memphis. Moreover, said teachers are willing to subject themselves to the examination and supervision of the approved school-visitors. They are furthermore willing to use the books approved by the school-board, except the reading-class book, instead of which we would prefer the Metropolitical Meader. Even this is not essential. We are willing to use the books approved by the school-board, except the reading-class book, instead of which we would prefer the Metropolitical heacher and pupil, and every custom of said school, be submitted to the advice and counsel of the superintendent and school-visitors, who are being, or shall hereafter be, elected by the united suffrage of the citizens of Memphis, provided the children attending at present shall not be removed to any other school-gentlemen, will you please give this your kind consideration, and seeing how honest, just and fair such a petition is, please have it adopted by the city school-board GENTLEMEN-Whereas, there has been for

GRADES OF CERTIFICATES.

GRADES OF CERTIFICATES.

Mr. Mitchell offered the following propositions which he asked be referred: There shall be three grades of certificates issued on examination of teachers, viz: Grammer certificate, principal certificate and high school certificate. For the grammer school certificate the applicant shall pass a satisfactory examination in English grammer, arithmetic, geography, reading, penmansnip, and in the elements of philosophy and physiology. For the principals: certificates the applicant shall, in addition to the branches for the grammar certificate, pass a satisfactory examination in algebra and geometry, and shall give satisfactory evidence of experience in teaching, and a thorough knowledge of graded schools. For the high-school certificates, in addition to the branches for the grammar certificates, the applicant shall pass a satisfactory evamination in the branches required to be taught by said applicant. It is suggested that a section be added to number seventy-six, and that after July 1st, 1874, certificates shall be valid for three years from date. Referred.

MONTHLY VISITORS. MONTHLY VISITORS.

MONTHLY VISITORS.

The following members of the board were appointed chairmen of the committees to visit the schools during the month: Adams street and criored schools on Washington street, F. H. llark; Court-street school, Mr. Rambaut; Market-street school, Mr. Andrews; Linden-street school, Mr. Cook; Peabody school, Mr. Trezevant; Cheisea schools, Mr. Irwin; Third and Fourth-street schools, Mr. Vernon.

AMUSEM SNTS.

Memphis Theater The Chapman Sisters, Blanche, Ella, charge of their classes during the examination.

On motion, rule twenty-two, in relation to pupils leaving school by request, was so amended as to strike out the word "or," in the third line.

ELECTION OF TEACHELS. The action of the superintendent in employing O. A. Davidson and C. M. Woods, both colored, in the south and Washington streets schools, was ratified by the board, and the above persons were deciared elected teachers.

That part of the report referring to the better seating of pupils at Washington street colored schools was referred to the committee on schools and school-buildings.

REPORT OF PURCHASING COMMITTEE.
This committee reported purchases to the amount of one hundred rad forty-two dollars and twenty-two cents for the month of January. Mr. Gavin, chairman, said the committee in figure, graceful and feil of abandon and control of the committee that purchased a safe to be delivered here. ence by storm. She moves about the stage with a graceful case that is really charming, and her every movement shows that she was, so to speak, born upon the boards. With the exception of her "lispih," which frequently mars her best hits, she is a clever little actmars her best hits, she is a clever little actress, a capital banjo-player, and a good singer. Mr. Ed Chapman is a fair comedian, but the other members of the troupe are not possessed of any particular talents, either in the dramstic or singing linp. Some of the "local hits" introduced were really good, and elicited much laughter and applause. To-night the new burlesque of Locus and Leo, which contains many musical gems, and will draw a crowded house.

Duprez & Benedict's Minstrels.

The Greenlaw Operahouse last night was crowded, from pit to roof, by one of the largest audiences ever assembled in this city, the attraction being the first appearance of the well known Duprez & Benedict minstreltroupe. The grand overture was, in itself, well worth the price of admission, as all present will acknowledge. The wit of the "end men" was relished very much, because it was novel and original to a great extant. The bones and famborine "eccentricities" gained the attention of the spectators, who were roaring with laughter. The songs were quite apt, and remind one of the old fashioned darkey. The different scenes during the entertainment were as amusing and interesting as any we ever saw portrayed on the ethiopian stage. Duprez & Benedict's minstrels seem to improve every year, and are more novel and attractive at each succeeding performance. We would state that the entire entertainment is free from anything calculated to offend the featling of the most sefund recover. Duprez & Benedict's Minstrels. is free from anything calculated to offend the feelings of the most refined persons, and that halles need have no hesitation in attending, alany of our best ladies were present last alght, and enjoyed the occasion with infinite delight. To night there will be an entire chapter of programme and as the house will change of programme, and as the house will be crowded, those expecting to go should im-mediately secure reserved seats, which can be had anywhere for twenty-five cents addition-al to the price of admission, which is only fifty cents. To n.orrow afternoon there will be a grand family matinee, to which the ju-venile members of every household, as well as the older heads, are invited.

as the older heads, are in vited. The Mardi Gras. On Mardi Gras night the Greenlaw On Mardi Gras night the Greenlaw Operanouse will be the scene of a grand mask ball, eclipsing in magnificence and pleasure any entertainent given in the city on that occasion. This ball will be conducted under the auspices of influential and prominent citizens, whose names will be published in a few days, and they assure the public that the entertainment will be free from any obnoxious feature and disorderly conduct. Dressing-rooms for ladies and gentiemen will be fitted up in the building, which will be comfortably warmed and brilliantly lighted. Arrangements have been made to supply all visitors with costumes in the Operahouse, and no extortionate prices will be allowed for them. Strangers from the country will find this a convenient arrangement, as it enables them convenient arrangement, as it enables them to obtain for a small price any desired costume in the Operahouse, where they will find well appointed dressing apartments. The managers intend making this the crowning ball of Mardi Gras, and will doubtless succeed in their determined efforts.
